Drowning is the #1 Cause of Accidental Death for children under the age of 4. Drowning is the #2 cause of Accidental Death for children over the age of 4. Swimming Lessons reduce that risk by up to 88%. Safety Before Skill Swim School provides swimming lessons and water safety to children starting at age 4 months. Together with the Hope Floats Foundation, we are raising money to fund swimming lesson scholarships for the children at highest risk in our local community. The Noah Woodall Noah's Ark Memorial Scholarship, has been established in memory of our beloved Coach Noah, who passed away in 2020 after two years of coaching children at Safety Before Skill.
